**Turn lane construction to start at new Boyd County High School**

*Project to provide state highway access*

FRANKFORT, Ky. – A project to add turn lanes on KY 180 near the intersection of Lions Lane and the new Boyd County High School is nearing construction.

In late September, the Kentucky Transportation Cabinet awarded a \$215,215 contract to Mountain Enterprises Inc. for installation of right-turn lanes, left-turn lanes and a median crossover on KY 180 at the school's entrance. Traffic signals also will be added under a separate contract.

Work is scheduled to begin the week of Oct. 22. The project is expected to be complete before the new school opens in January.

During construction, there will be lane closures and traffic restrictions on KY 180 in the work zone. Motorists should slow down, watch for flaggers, heed all warning signs and expect delays.
